

"Aakash Ko Pari" = "Angel of Darkness"

On this dark and quiet night,
I sit alone, daydreaming about our life in this house together.
I can still hear your voice echoing from these walls.
What a mistake it was to fall into your hands!

What kind of heart do you have?
It's a heart of stone.
I won't make you any more promises.
Now I know you're an angel of darkness.

Everyone has to walk their own path in this life.
Don't know if I'll ever see you again.
I can't go back in time.
The flowing river never returns.
I don't want to explain my feelings to you.
You must know how I feel.

I make a promise to the moon -
I will make my own way. Alone.

What kind of heart do you have?
It's a heart of stone.
I won't make you any more promises.
Now I know you're an angel of darkness.

On this dark and quiet night,
I can still hear your voice echoing from these walls.
It makes me lonely.
But I make a promise to the moon -
I will make my own way. Alone.

What kind of heart do you have?
It's a heart of stone.
I won't make you any more promises.
Now I know you're an angel of darkness.
